

Asia	The following is a preliminary list of introduced ant species known to have established populations in Asia. Some species listed here could be native to all or part of this country, but are recorded as introduced or intercepted elsewhere.
Taxon	Country
<i>Anoplolepis gracilipes</i>	Bangladesh, Borneo, Cambodia, China, India, Indonesia, Japan, Philippines, Sri Lanka, Thailand
<i>Cardiocondyla emeryi</i>	Borneo, Sri Lanka, Thailand
<i>Cardiocondyla kagutsuchi</i> [n]	Borneo, China, India, Japan, Nepal, Philippines
<i>Cardiocondyla mauritanica</i>	India, Nepal, Philippines
<i>Cardiocondyla minutior</i> [n?]	India, Indonesia, Japan, Nepal, Sri Lanka
<i>Cardiocondyla obscurior</i>	Taiwan
<i>Cardiocondyla wroughtonii</i>	Borneo, Cambodia, China, India, Indonesia, Japan, Philippines, Taiwan, Thailand
<i>Cerapachys biroi</i>	China, India, Japan, Nepal, Philippines
<i>Dolichoderus thoracicus</i> [n]	Borneo, Cambodia, China, India, Indonesia, Philippines, Thailand
<i>Hypoponera opaciceps</i>	China, Japan, Philippines
<i>Hypoponera punctatissima</i>	China, Japan, Philippines
<i>Hypoponera ragusai</i>	Bangladesh, Borneo, Burma (Myanmar), China, India, Japan, Philippines, South Korea, Sri Lanka, Taiwan
<i>Hypoponera zwaluwenburgi</i>	Japan
<i>Iridomyrmex anceps</i>	Bangladesh, Borneo, Burma (Myanmar), China, India, Indonesia, Malaysia, Philippines, Taiwan, Thailand
<i>Lasius alienus</i> [n?]	India, Japan
<i>Leptogenys falcigera</i>	Philippines, Sri Lanka
<i>Linepithema humile</i>	Japan, North Korea
<i>Monomorium destructor</i> [n?]	Bangladesh, China, India, Indonesia, Japan, Nepal, Philippines, Sri Lanka, Thailand
<i>Monomorium pharaonis</i>	Bangladesh, Borneo, Cambodia, China, India, Indonesia, Japan, North Korea, Philippines, South Korea, Sri Lanka, Thailand
<i>Monomorium subopacum</i>	China, Sri Lanka
<i>Myrmica rubra</i> [n?]	China, Japan
<i>Nylanderia bourbonica</i>	Bangladesh, China, India
<i>Nylanderia vaga</i>	
<i>Nylanderia vividula</i>	China
<i>Ochetellus glaber</i>	China, India, Japan, Philippines, South Korea
<i>Odontomachus simillimus</i>	Bangladesh, Borneo, India, Indonesia, Philippines, Sri Lanka, Thailand
<i>Pachycondyla chinensis</i> [n]	Cambodia, China, Japan, North Korea, Philippines, South Korea, Taiwan, Thailand
<i>Pachycondyla stigma</i>	Indonesia, Philippines

<i>Paratrechina longicornis</i> [n]	Bangladesh, Borneo, Cambodia, China, India, Indonesia, Japan, Nepal, Philippines, Sri Lanka, Thailand
<i>Pheidole fervens</i>	Borneo, China, India, Indonesia, Japan, Malaysia, Philippines, Taiwan, Thailand
<i>Pheidole megacephala</i>	Borneo, China, India, Japan, Malaysia, Philippines, Thailand
<i>Plagiolepis alluaudi</i>	Borneo, China, Japan
<i>Plagiolepis exigua</i>	China, India
<i>Plagiolepis pygmaea</i>	China
<i>Ponera swezeyi</i>	Japan
<i>Solenopsis geminata</i>	Bangladesh, Borneo, China, India, Indonesia, Japan, Philippines, South Korea, Sri Lanka, Thailand
<i>Solenopsis invicta</i>	China
<i>Solenopsis papuana</i>	
<i>Strumigenys emmae</i>	Borneo, China, India, Indonesia, Japan, Malaysia, Philippines
<i>Strumigenys godeffroyi</i>	Borneo, India, Indonesia, Malaysia, Philippines, Sri Lanka
<i>Strumigenys hexamera</i>	Japan, South Korea
<i>Strumigenys lewisi</i>	Burma (Myanmar), China, India, Japan, North Korea, Philippines, South Korea, Sri Lanka, Taiwan
<i>Strumigenys membranifera</i>	China, India, Indonesia, Japan, Nepal, Taiwan
<i>Strumigenys rogeri</i>	Borneo, Indonesia, Malaysia, Philippines
<i>Strumigenys silvestrii</i>	China
<i>Tapinoma melanocephalum</i>	Bangladesh, Borneo, Cambodia, China, India, Indonesia, Japan, Philippines, South Korea, Sri Lanka, Thailand
<i>Technomyrmex albipes</i>	Bangladesh, Borneo, China, India, Indonesia, Japan, North Korea, Philippines, South Korea, Sri Lanka
<i>Technomyrmex difficilis</i>	Borneo, Indonesia, Malaysia, Philippines, Thailand
<i>Technomyrmex vitiensis</i>	Bangladesh, Borneo, Burma (Myanmar), India, Indonesia, Malaysia, Philippines, Thailand
<i>Tetramorium bicarinatum</i> [n?]	Bangladesh, Borneo, China, India, Indonesia, Japan, Philippines, South Korea, Thailand
<i>Tetramorium caespitum</i>	China, India, Japan, North Korea
<i>Tetramorium caldarium</i>	India
<i>Tetramorium insolens</i>	Borneo, China, Indonesia, Philippines, Thailand
<i>Tetramorium lanuginosum</i>	Bangladesh, Borneo, Burma (Myanmar), China, India, Indonesia, Japan, Philippines, Thailand
<i>Tetramorium pacificum</i>	Borneo, China, India, Indonesia, Philippines, Sri Lanka
<i>Tetramorium simillimum</i>	Bangladesh, Borneo, China, India, Indonesia, Japan, Philippines, Sri Lanka, Thailand
<i>Tetramorium tonganum</i>	Borneo, China, India, Japan, Philippines, Sri Lanka
<i>Tetramorium tsushimae</i> [n]	China, Japan, North Korea, South Korea
<i>Vollenhovia emeryi</i> [n]	China, Japan, North Korea, South Korea

[n] = native to the region but introduced elsewhere

[n?] = possibly native to at least some portion of region
